Dear YASH BHATIA,

Thank you for scheduling your Class D Road Exam. Your appointment information is below: Be prepared for your road test by reviewing, printing, and completing all the material provided on this confirmation ahead of your test date to increase your chances of passing your test.

All applicants must bring a vehicle for a Class D Road Test, or a motorcycle for a Class M Road Test, that meets the RMV's requirements. Applicants required to use an Ignition Interlock Device, or to operate with adaptive equipment, must take the test in a vehicle with the required equipment installed. Class D applicants must bring a vehicle with a brake in the center console that is accessible to the Road Test Examiner in the event of an emergency. Review all vehicle requirements at [Mass.Gov/RoadTest](https://www.mass.gov/RoadTest).

Only the applicant, qualified licensed driver and the Road Test Examiner can be in the vehicle during the test; exceptions are made for interpreters and trained service animals. Children cannot ride along during the road test or be left unattended at the RMV. Class M applicants do not require a qualified licensed driver.

If you requested an interpreter from the RMV to assist interpreting instructions from the Road Test Examiner on the day of your road test, you will receive an email confirmation or a response from the RMV within 10 business days.

If you no longer need an interpreter provided by the RMV for your road test, please call 857-368-9362 (WFMA).
